

10401 Tucker Street Φ Beltsville, MD 20705 Φ 1-301-345-1300

National Gallery of Art

OWNER	
Location	Washington, DC
Project Value	Indefinite Delivery – Indefinite Quantity Contract
Completion date	Three Year Contract
Major Challenge	Historical structure and exhibits
General Contractor	Office of Procurement and Contracts
DESCRIPTION OF WORK	
<p>J. E. Richards has been the prime electrical contractor for this renewable contract since 1990. Work has included lighting and power requirements for new and existing exhibits. Each new and existing exhibit requires special attention to ensure the correct light and lamping is used so as to not damage the exhibit but also provide sufficient lighting levels for optimum viewing. Power distribution to exhibits and load balancing of the panels is needed ensure stealth viewing of the distribution conduit/wire at the exhibit while enabling proper load distribution at the power source.</p>
